

# Financial Educational Seminars – I

- Honey, I Shrunk the Nest Egg (And I'm Sorry)!
- Stock market has rallied after March 9, but my 401(k) seems stalled!
- The financial Crisis has battered not only investor's nest eggs in many cases it has battered their trust.
- Many small investors are baffled about what to do next

Recent market volatility has brought heightened apprehension and uncertainty throughout the financial markets. It's prudent for investors to take a deep breath and reflect on what history tells us about market declines.
